## About Us

Chamberlain, Hrdlicka, White, Williams & Martin marks its fourth decade as a diversified law practice focused on the highest level of client service. Although we have grown to a firm of more than 100 attorneys with a wide variety of practice areas, personalized attention to our clients' needs remains a hallmark of our heritage. We have built our reputation working with established businesses as well as entrepreneurs and individuals with sophisticated legal needs. Today, our tradition of personalized service continues to be valued by clients from the smallest start-up ventures to the largest multinational companies.

The practice of law is an exercise in effective communication, whether it involves clients, their business partners, adversaries, or judicial or administrative bodies. For clients, this means an open, interactive relationship. We listen and rely on your views, goals and feedback to help us plan strategies, chart appropriate courses of action and develop effective solutions. As advocates, we work to zealously protect your interests while facilitating your critical objectives.

Whether our charge is as advisors charting a course of action, negotiators reconciling differences to "get the deal done," or as litigators resolving legal disputes or conflicts that require judicial or administrative action, we work tirelessly to attain your goals in an efficient and cost-effective manner.

There is no secret to the success of our firm. Our attorneys possess significant hands-on experience in their chosen areas of specialty, with many holding advanced degrees and board certifications and having backgrounds in the public sector and private industry. However, as capable as we are as individual practitioners, we work even better as a team. When your business needs expand into new areas, Chamberlain Hrdlicka can quickly access and deploy the necessary multi-disciplinary skills to efficiently handle your legal challenges and meet your business objectives. When assignments require a global reach, our membership in Meritas Law Firms Worldwide can promptly open doors throughout the world.

Over the years, individuals and business entities alike have placed their trust in Chamberlain Hrdlicka for one simple reason: they know they will be represented by highly skilled and dedicated attorneys who provide a level of sophistication and a value proposition that is unmatched.

The maxim you see throughout our website "*Your Goals. Our Mission.*" is not hyperbole, it is the only way we know how to practice law. It is also how we build client relationships that last.
